# KIT-IDEALS

We, the members of this school community, have come to recognize the core values that should be shared by all of those among us, and from these values we have established the "KIT-IDEALS" as follows. Students, administrators, and faculty and staff should remain ever mindful of these and, by adhering to them, strive to better our school community.

<b>T</b>	<b>Team Spirit</b>	We strive for <b>independence</b> , <b>creativity</b> , and <b>flexibility</b> , constantly promoting reform and progress through collaboration and co-creation.
<b>I</b>	<b>Integrity</b>	We value honesty and take gratification in learning together.
<b>D</b>	<b>Diligence</b>	We value diligence and cheer on those who strive to improve themselves.
